childrens' MINISTRY

Thanks to all the Sunday School staff for looking after the Sunday School schedule during my absence over the winter. For the winter term as well as the spring term, the kids have been involved with learning about the fruits of the Holy Spirit: Love, Joy, Peace, Patience, Kindness, Goodness, Faithfulness, Gentleness and Self-control. The material is from the curriculum "***One Room Sunday School.***" The primary class, under the direction of Marg Cosh, has been learning about the disciples.

The nursery is managed by Michelle Coumbs who schedules our intermediate/high school students to look after any little ones for the morning worship service.

LOT'S WIFE

The Sunday school teacher was describing how Lot's wife looked back and turned into a pillar of salt, when little Jason interrupted, 'My Mommy looked back once, while she was driving,' he announced triumphantly, 'and she turned into a telephone pole!' Don't you just love the honesty of children?

ways and means GROUP

Greetings from your Ways and Means Group. So far this spring we have produced one hundred dozen pies. It is great the support we receive not only from our church but others in the community also. As for those who come out to make them, what a great time we have. Thanks for buying them.

submitted by Stan Johnson

Ways & Means lost one of their faithful members on May 5th, when Jerry Crawford passed away. He was always with us on Pie Day putting boxes together, keeping track of how many we made, looking after the sales and making labels etc. etc. We are certainly going to miss his smiling face and witty remarks. We would have been out of business if he hadn't found out where to buy the pie tins on the Internet. Thanks Jerry for being there we are sure going to miss you.

magnetic CHURCH

For the past months, much progress has been made in the Magnetic Church program.

The Magnetic Church committee has worked on many items that it is impossible to mention everything. Lately, one sub-committee the "**Welcome Team**" has developed remarkably. Have you ever been in a situation that you are visiting a Church for the first time and as soon as you walk in you have no clue what to expect or where to go to? Would it have been nice if somebody helped you find your way around and make you feel Welcome? Our Magnetic Church program would like your input and opinions as well. We are working on a new questionnaire which will guide us for the future of our Church. Later this year we need your help. The future of our Church is for the best interest for everybody. If you like to join us today and work with us in the further development of the Magnetic Church program, please contact Ton van Nieuwkerk.
